

Client Agreement - What we do & how we charge

We are a financial planning business, focused on helping you understand and plan for your financial future. This information is designed to give you an idea of:

- **What we do and how we do it (our services)**
- **What it's likely to cost and how you can pay us**

More detailed information is available in our client service brochure which will be handed to you on our initial appointment.

This document provides details about our services to you and how we charge, so it's important that you read it fully. If there is something you don't understand please ask us to explain it.

Our services

Whatever financial decisions you have to make, the first step towards making the right decisions is to establish a clear understanding of your financial needs.

People seek financial advice for many different reasons so it's important that we understand exactly who you are and what you want to achieve. At our first meeting we'll gather information about you to help define your needs and priorities.

Our services include:

- **Financial planning:** It's important to identify what you might want to achieve and how you can do this. We can help you to identify your goals and create a plan for your finances to help you achieve them.
- **Retirement planning:** It's important to know whether the money you are saving towards retirement will provide you with sufficient funds to meet your retirement objectives. We can work with you to proactively plan for your retirement and help you decide on the options available once at retirement.
- **Protection planning:** Most of us want to protect the things that are important to us, our family, business and quality of life. Protection planning can help to provide peace of mind in the event of your income changing due to unexpected events. We can help you plan for the best way to protect you, your family or your business.
- **Mortgage advice:** Whether you're buying your first home, moving home or looking to re-mortgage, our mortgage services are designed to provide you with the best mortgage solution for your needs.

We'll only start work once we have agreed our services and charges with you. We'll give you a copy of our Client Agreement – Investment Mortgage and Protection (terms and conditions) which will set out the services we have agreed to provide and confirm how much this will cost.

Our advice

We offer **independent** investment advice. This means that we consider a wide range of financial strategies and products. We are constantly reviewing the market to ensure that the services and products we offer are appropriate for our clients.

Where we recommend particular investment strategies and products to you, these will be selected based on your personal circumstances, financial goals and objectives. We'll consider a number of factors, including the services you need, the cost of investing, how much risk you are prepared to accept in an investment product and how much of a drop in its value you could withstand.

The areas we can advise on include:

- Life assurance
- Investment bonds
- Pensions
- Annuities
- Phased retirement & income drawdown
- Unit trusts
- Open ended investment companies
- ISAs
- Structured deposits
- Investment trusts

- Term assurance
- Critical illness cover
- Income protection
- Complex Retirement Advice
- Bespoke Investment Advice
- Enterprise investment schemes
- Venture capital trusts
- Structured products
- Tax and Trust Planning*
- Corporate Advice

* Not all areas of Tax and Trust Planning are regulated by the Financial Conduct Authority.

We don't provide advice in relation to individual share holdings. If this is something you need assistance with, we can refer you to a stockbroker.

We don't provide advice on options, futures and other derivative contracts as we believe that these are unlikely to be suitable for our clients

Our services may also include advice on investments relating to Unregulated Collective Investment Schemes (UCIS). Accordingly, you should carefully consider whether such investments are suitable for you in light of your personal circumstances and the financial resources available to you. We will not arrange transactions to purchase UCIS.

For further details please refer to our client services brochure.

Protection Planning

Non-investment protection contracts - we offer advice regarding non-investment protection products such as term assurance, income protection and critical illness from a range of insurers. We will provide you with advice and arrange the contract on your behalf after an assessment of your personal needs circumstances

General Insurance Contracts - we offer buildings & contents insurance, accident, sickness & unemployment (ASU) from a range of insurers. We will provide you with advice and arrange the contract on your behalf after we have assessed your demands and needs for a particular type of insurance

Mortgage advice

We advise on mortgages for business and non-business purposes and first charge and second charge loans. We advise on a comprehensive range of mortgages from across the market, but not deals that you can only obtain by going direct to a lender. Our advice will be based on the most suitable mortgage product included within the range available to intermediary firms.

Alternative finance options

You should note that where we provide services in relation to increased borrowing on an existing mortgaged property there may be alternative options available to you that may be more appropriate. For example:

- You may be able to obtain a further advance from your existing lender, or obtain an unsecured loan for the additional funds.
- Where your existing mortgage is a first charge against the property, a second charge mortgage may be available and
- Where your existing mortgage is a second charge a first charge loan may be available.

Our charges

The way we are paid for our services may depend on the type of advice given. Typically this will be:

- **Investment business:** Normally deducted from the investment business or fees agreed and paid by you (charges shown below).
- **Insurance business:** commission payable by the insurance provider, which is a percentage of the total annual premium
- **Mortgage business:** fees paid by the lender and £299.00 fee agreed and paid by you

More details on these options and how they are paid is found in the following sections on initial and ongoing charges.

Our charges fall into the following categories:

- a) **Initial charges:** these are the upfront costs of our services. We offer several types of initial service depending on your needs.
- b) **Ongoing charges:** once your financial plan is in place it is important to keep it under review so it can be adapted, where necessary, as your circumstances change. Our ongoing services are designed to do this.

Our actual charges and fees (in pounds and pence) will be agreed with you before we do any work and we'll explain your payment options too. We'll also let you know where any fees are subject to VAT.
